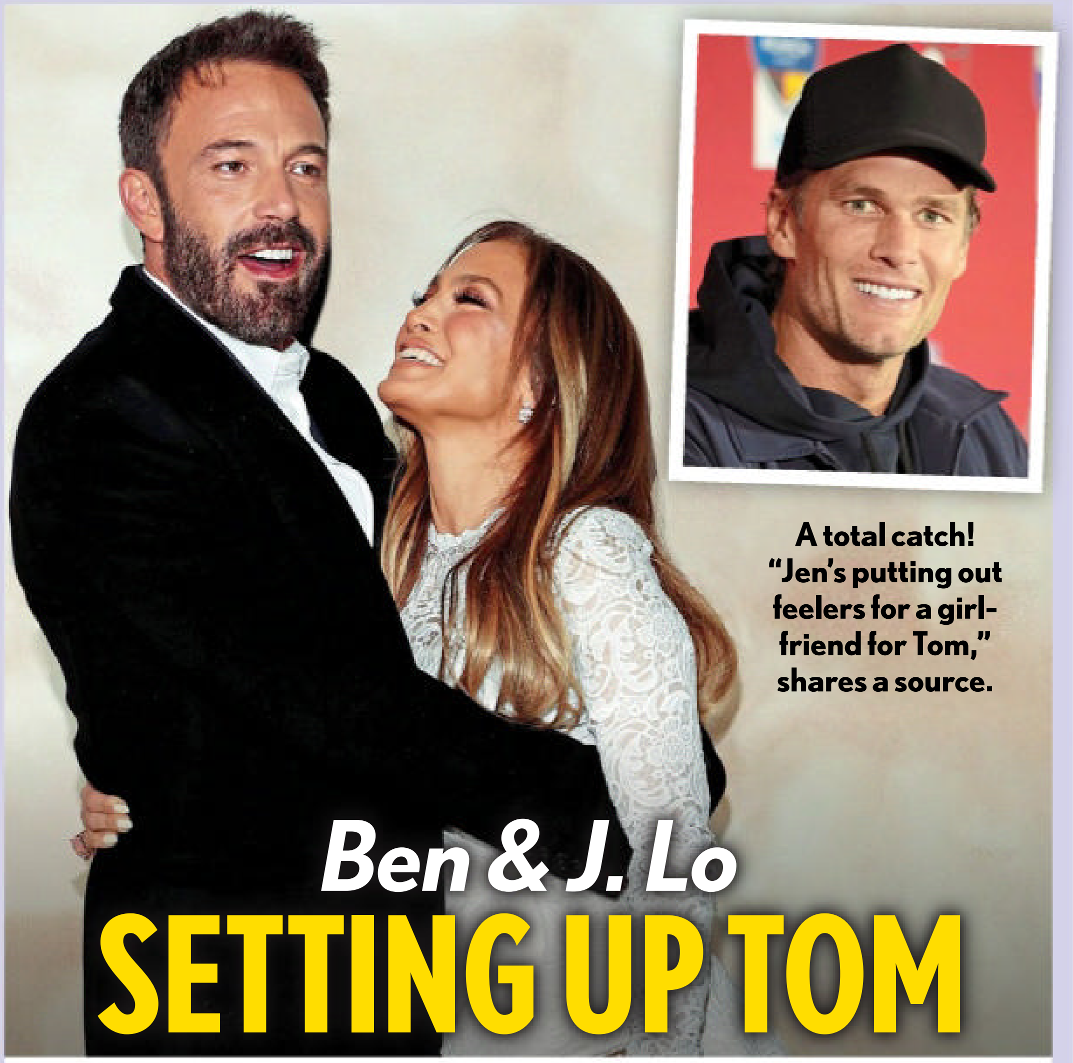
Poison pen! "Britney is pretty confident that Kevin and Jamie's book will flop," says a source. "She doesn't think anyone will buy it."

Kevin & Jamie WORKING TOGETHER

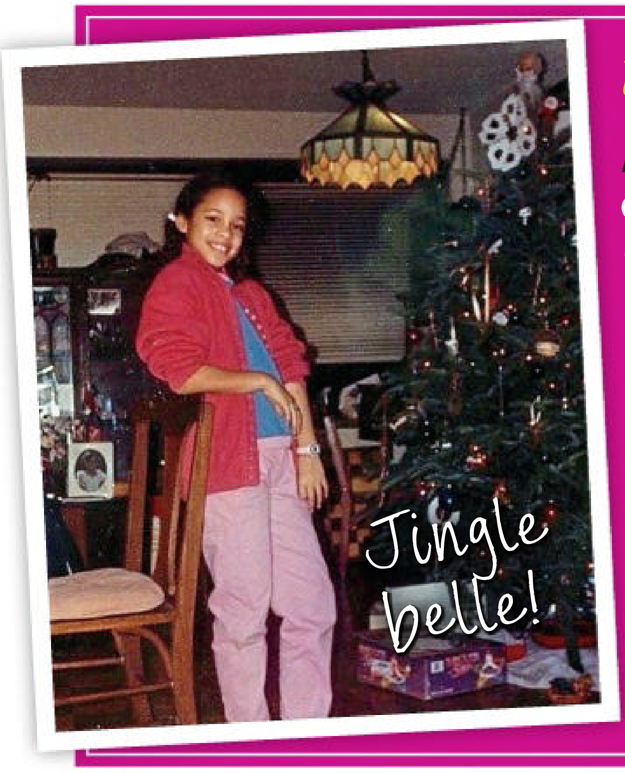
Joining forces! No one was more surprised than Britney Spears to hear that ex-husband Kevin Federline is writing a book about fatherhood with the help of her dad, Jamie. "She was livid," shares a source close to the "Toxic" singer, 41. "Britney despises her father for putting her under a conservatorship and thinks he's a massive hypocrite for contributing to a book on parenting when, to her, he was the worst father ever." During their conservatorship battle, troubling claims came to light, revealing just how much control Jamie, 70, had over Britney for 13 years. She was allegedly made to work 10-hour days, seven days a week, forced to use an IUD to prevent pregnancy, and reportedly had her bedroom bugged. Jamie was also accused of misusing his daughter's $60 million fortune for his own personal gain. "I truly believe anyone going through that situation would have never made it," she later stated. The timing of Kevin, 44, and Jamie's collaboration isn't lost on now-free Britney, either. "Kevin's child-support checks will dry up when Sean turns 18 in 2023 and Jayden turns 18 in 2024," the source notes of the exes' sons. "Jamie no longer receives any financial support from Britney — and she feels that they'll both stop at nothing to fuel the money train."



A total catch! "Jen's putting out feelers for a girlfriend for Tom," shares a source.

Ben & J. Lo
SETTING UP TOM

Bring in the special teams! Ben Affleck and Jennifer Lopez are playing matchmaker for Tom Brady following his divorce from wife of 13 years Gisele Bündchen this October. The former New England Patriots quarterback, 45, first met the Boston-born actor, 50, at a White House Correspondents' Dinner afterparty in 2002, and they've since become close pals. "Tom says he's not ready to start dating again, but that hasn't stopped Ben and J. Lo from lining up eligible ladies for their single friend," spills a source. While it was Ben's idea to set the NFL star up, Jennifer, 53, has taken the lead, compiling a list of potential matches that includes everyone from Kendall Jenner and Candice Swanepoel to Lindsey Vonn. "Tom is definitely 2023's most eligible bachelor. Every single woman has been sliding into his DMs," the source continues. "It's safe to say, he's not going to have a problem moving on from Gisele."



Jingle belle!

throwback!
ALICIA KEYS

Growing up, the singer and her mom shared a one-bedroom apartment in NYC — but that didn't make the holidays any less magical. "We would decorate [the tree] together, just the two of us, while she played jazz albums on a record player," Alicia recalled. "I'll never forget that night-before anticipation."

THE CHRISLEYS' PRISON COUNTDOWN

A new reality! Todd and Julie Chrisley are set to report to prison on Jan. 17 after being found guilty of bank fraud, conspiracy to commit bank fraud, tax fraud and conspiracy to defraud the United States. Todd, 53, will serve a 12-year sentence at the Federal Prison Camp Pensacola in Florida, while Julie, 49, will carry out a seven-year stint nearby at the Federal Correctional Institution Marianna. "The thought of being separated from each other and their family fills them with dread," shares a source close to the *Chrisley Knows Best* stars. "Julie and Todd are relying heavily on their faith to get them through this. They're going to church and squeezing in as many dinners with the kids as they can before being locked behind bars."

Selena CRUSHING ON JUSTIN?

"Selena raves about Justin as if he's God's gift to women," says a second source.

Selena Gomez really can't keep her hands to herself! The singer, 30, was spotted sharing a sweet embrace with Justin Theroux at the 16th annual CNN Heroes: An All-Star Tribute at the American Museum of Natural History in NYC on Dec. 11. "Justin is exactly the kind of guy that Selena's looking for — nice, smart and hardworking," a source says of the *Leftovers* actor, 51. "It's a crush, but it's not going to go further than that. Selena is way too close to Jennifer Aniston for it to not feel catty. They've been in each other's lives for way too long." That doesn't mean Selena can't flirt with him, though. "Justin is incredibly charming, and sometimes that charm makes you feel like you're the only girl in the room," adds the source. "It's very intoxicating!"

WHAT (REALLY) WORKED

ALLISON FIGURED IT OUT.

Walking Taller, Feeling Happier, Confidence Boosted.

In some ways, Allison was like many other forty-somethings. Busy, successful in her career, and overall, everything felt pretty right. Except one thing: physically, she felt as if she was wearing someone else's "body suit," "I had recently turned 46 and all I truly wanted was that jolt of confidence that being physically in shape gave me. I wanted my groove back." So, Allison decided it was time to take the first step. She started walking more and shopping the periphery of the supermarket, filling up her basket with more vegetables and cutting back on sugar. And when she found **Hydroxycut Drink Mix**, that is when it all really started to stick. "I started this journey determined that I was going to make it work for the long haul. As an entrepreneur, I had to figure out strategies that worked for me and my never-sit-still hair and makeup-artist lifestyle. That's when Hydroxycut Drink Mix came into play. I could throw it in my bag, and it was like having my added edge to ignite my journey. Plus, it doesn't hurt that the Wildberry flavor is delicious and might be my favorite." Twenty-two pounds later, Allison seems to have figured it out. With no magic pill, just the right strategies and tools in place, Allison made it work.

Scott & Kourtney's FAMILY DRAMA

"Travis feels like Scott has taken advantage of Kourtney's easygoing nature over the years," says an insider.

Mazel tov! Kourtney Kardashian and Scott Disick celebrated their son Mason's 13th birthday with a bar mitzvah bash at the Offsunset lounge in West Hollywood on Dec. 17. Guests, including Kim Kardashian, Khloé Kardashian, Kendall Jenner, Kylie Jenner and Kris Jenner, sang "Happy Birthday" to Mason as a two-tier cake adorned with the Star of David was brought out. But there was one person missing from the family affair: Travis Barker. The Blink-182 drummer, 47, doesn't appear in any of the photos, though his stepdaughter, Atiana De La Hoya, was in attendance. "It's no secret that there is tension between Travis and Scott," admits a source close to Kourtney, 43. "While Travis felt bad about missing the party, he felt it was best to step aside and let Scott have that time with Mason and the kids." The musician's relationship with Scott, 39, has been strained since the reality star got caught mocking the couple's PDA — with a source telling *Life & Style* at the time that Travis, 47, thought Scott's comments were totally out of order. "No one knows if they'll ever be able to put their differences aside," the insider notes. "Kourtney feels trapped in the middle because she has to keep a healthy relationship with Scott for the sake of their kids, but her loyalty is to Travis — no question." L&S

WHITE LOTUS ROMANCES

Sparks on set! *White Lotus* co-stars Meghann Fahy and Leo Woodall are officially dating, reveals a source. The couple (above left) fell for each other while shooting Season 2 of the hit HBO series this summer. "The cast was in Sicily for four months, which gave them plenty of time to get to know each other," dishes the source. But Meghann, 32, and Leo, 26, weren't the only cast members to form a connection off-camera. According to *Life & Style*'s source, Adam DiMarco and Haley Lu Richardson enjoyed a "holiday fling" during filming — and the actor, 32, remains good friends with the actress, 27, to this day. Adds the source: "The show might have wrapped, but for some of the stars, the memories, and especially the romances, may last a lifetime."

Simi & The Weeknd SHACKING UP

The key to his heart! The Weeknd and girlfriend Simi Khadra are taking the next step in their yearlong romance, *Life & Style* has learned. "They're planning to move in together," dishes a source. "Simi already has a toothbrush and some clothes at The Weeknd's place, so it only made sense." The "Blinding Lights" singer, 32, was first linked to the DJ, 28, in April 2021 after the pair were spotted kissing at his Las Vegas birthday bash. "The Weeknd is completely taken by Simi," says the source. "He thinks she's so cool, sexy and chill — not your average Hollywood diva, which he finds attractive."

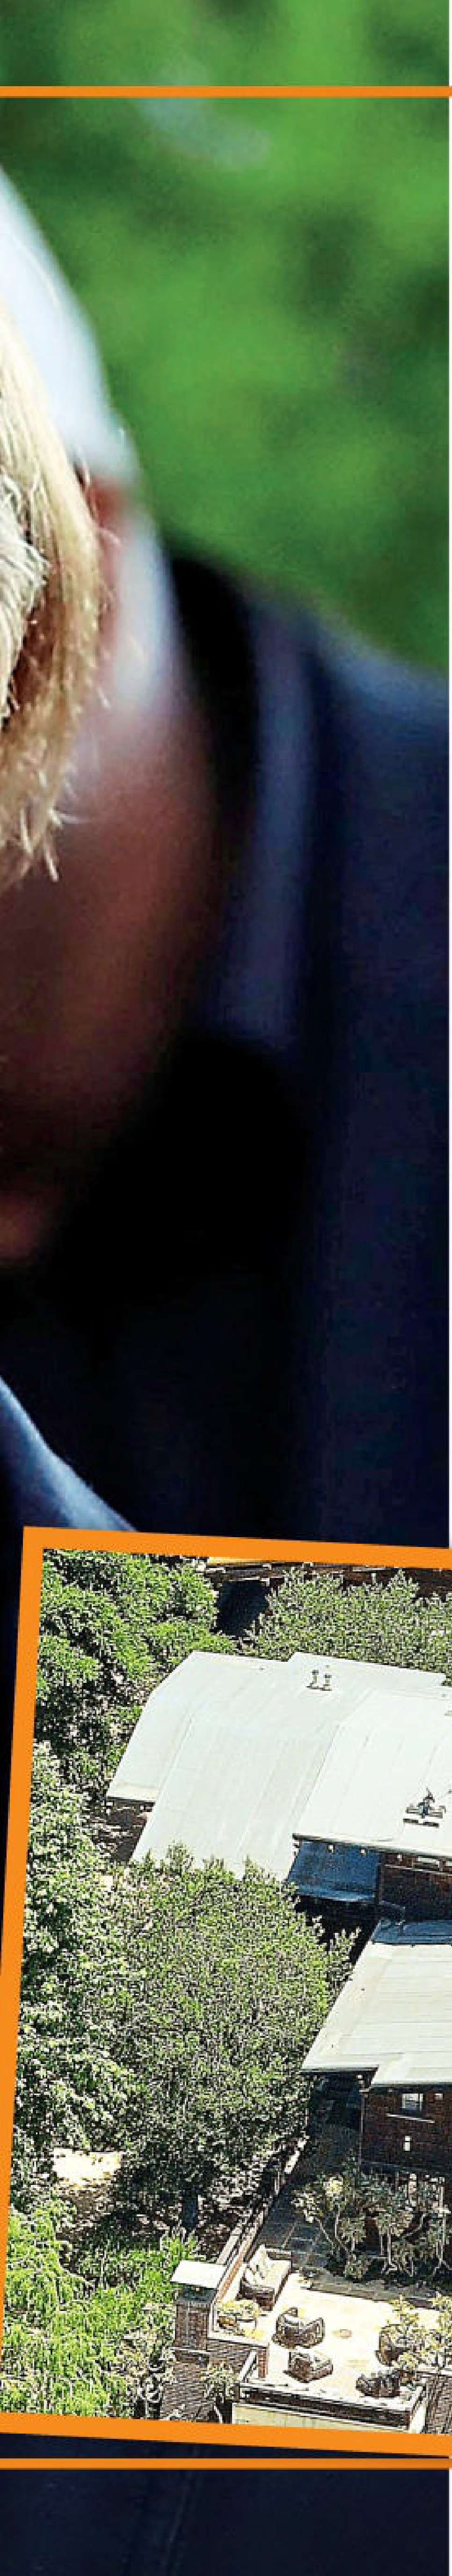
The Whole Package?

"Brad's completely smitten and blown away by her smarts, her looks and her wit," says a source of Ines. "They make each other laugh, and the conversation just flows."

Ines & Brad GETTING SERIOUS



After just a few months of dating, Brad Pitt is taking things to the next level with girlfriend Ines de Ramon

Brad Pitt was beaming. Clad in baggy gray trousers and a striped button-down shirt, he had a smile plastered on his face as he carried bags and boxes to his car, parked outside Pace, a cozy, hip Italian restaurant nestled in LA's Laurel Canyon — with some help from Ines de Ramon. As the pair left dinner the night of Dec. 17, where they were celebrating Brad's 59th birthday with friends, they threw their heads back in laughter, having a great time. It marked their second public outing in as many days: Ines was also by Brad's side at his *Babylon* movie premiere afterparty on Dec. 15, where they chatted with guests — sometimes with their arms around each other.

This is no fling. A month after they were first photographed together — at a Bono concert in downtown LA, where they hung out with stars including Sean Penn and supermodel Cindy Crawford — Brad and the jewelry executive, 32, "are hot and heavy," says a source. "They've only been dating for a couple of months but are already at the next level."

Things are getting so serious, says the source, that Ines — who separated from her husband of three years, *The Vampire Diaries* actor Paul Wesley, last spring — is moving in with Brad. "They are practically inseparable," explains the source. "Ines has already brought some of her stuff over to Brad's place."

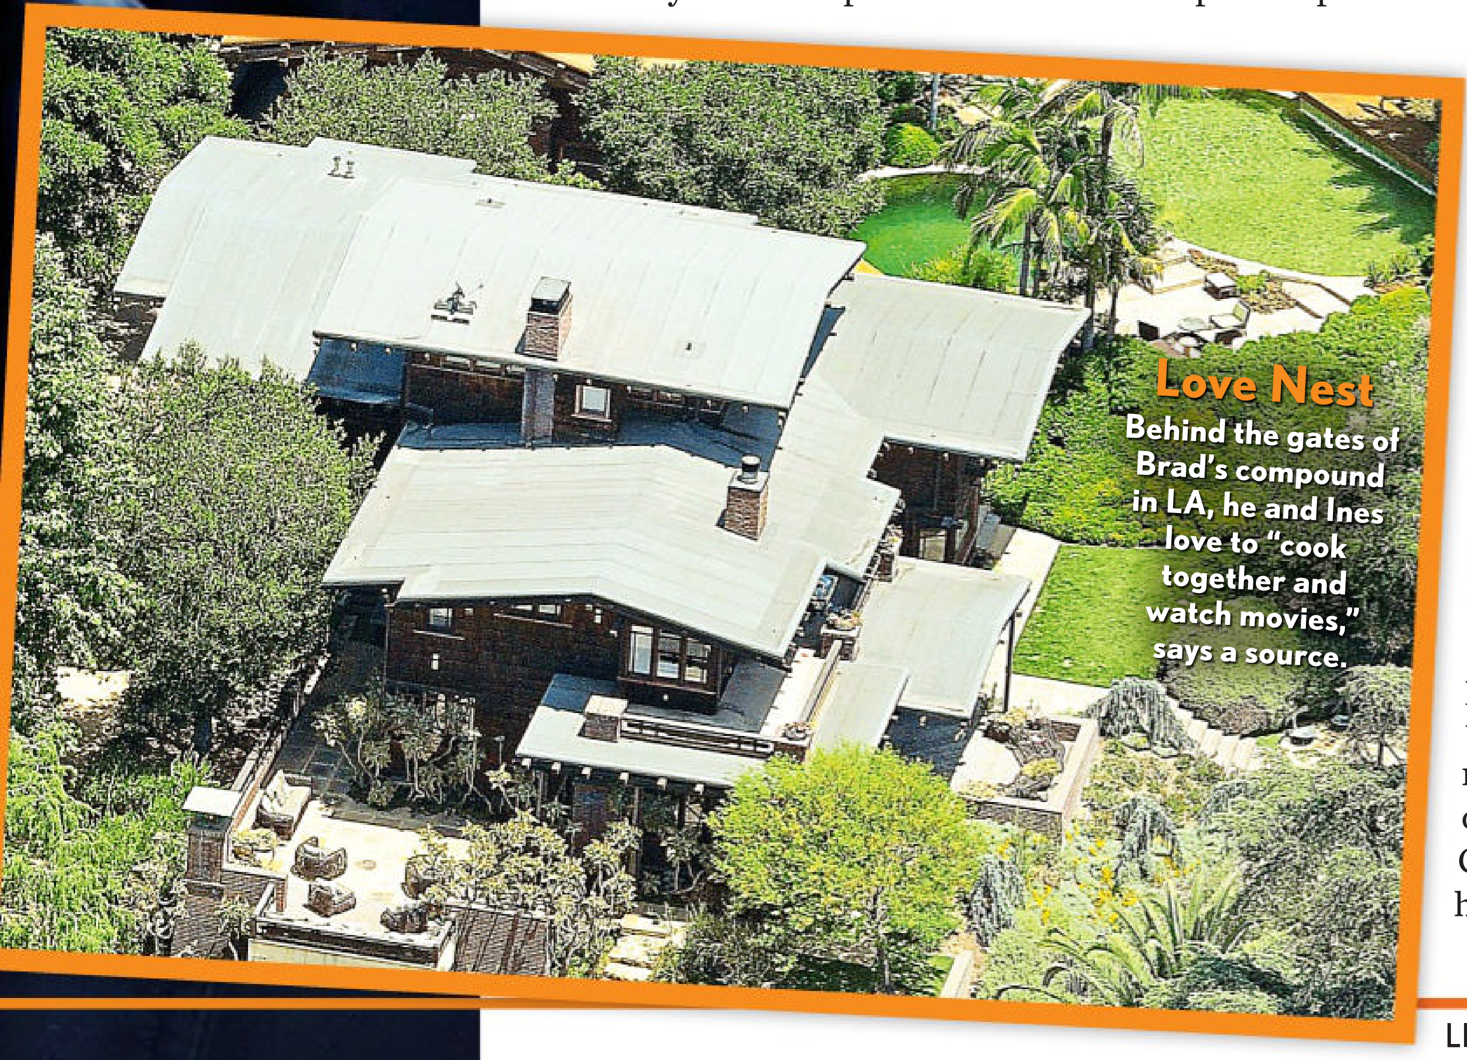
FALLING FOR HER

His house — a multi-property compound in LA's Los Feliz neighborhood — has been the perfect place to get to know each other in the months since, as *Life & Style* previously reported, they were introduced by mutual friends in the entertainment industry following Ines' split from Paul, 40. "Brad and Ines spend most of their time together there," shares the source. "Usually, he loves to cook, but when Ines is around, they cook together, or she insists on making one of her favorite vegetarian broccoli dishes."

Although she's worked in the jewelry industry for a decade — the current vice president of Anita Ko jewelry previously held positions at Swiss company De Grisogono and in the jewelry department at Christie's auction house — Ines is also a certified nutritionist. Adds the source: "She's a health nut."

When they do leave their love nest, they often go undercover. "They've been paddleboarding, sailing and shopping for clothes in Venice [Calif.], and they disguise themselves in baseball caps and sunglasses to go hiking in Runyon Canyon [in the Hollywood Hills]," says the source, noting the couple have spent ample time at his $40 million property overlooking the Pacific Ocean in Carmel, as well. "They ride on his motorbike up the California coast to the house."

She and Brad also have



Love Nest

Behind the gates of Brad's compound in LA, he and Ines love to "cook together and watch movies," says a source.

HER EX HAS MOVED ON… WHILE HIS HASN'T

New Romance

Ines' estranged husband, Paul, is dating someone new, too. In August, *The Vampire Diaries* star was photographed with German-Brazilian model Natalie Kuckenburg, a 22-year-old Ines look-alike, in NYC. They were more recently seen packing on the PDA during a romantic dinner date in Nerano, Italy.

Old Drama

Angelina hasn't publicly dated since leaving Brad, who's still battling for custody of their minor children. In December, she scored a small victory in her legal war to get the FBI to hand over documents concerning a 2016 midair argument between her, Brad and their older kids. They're parents to Maddox, 21, Pax, 19, Zahara, 17, Shiloh, 16, and twins Knox and Vivienne, 14.

a lot in common. "One thing is art," says a second insider. Ines, who has a bachelor's degree in business administration from Switzerland's University of Geneva and holds certifications from the Gemological Institute of America, "knows about art and architecture, artists and architects," adds the insider. "Like Brad, she likes to wander around galleries and museums."

Lately, they've been stepping out together in Hollywood more and more. "There's never a dull moment when Brad and Ines are together. He finds her so refreshing," says the source. "He can't stop raving about how sexy and smart she is. And he loves that she's multilingual."

Indeed, Ines speaks French, English, Spanish, German and Italian — and is smitten, too. Though she and Paul have been separated for nine months, shockingly neither has yet filed court papers to legally end their marriage. "But now that things are more serious with Brad," says the source, "she feels ready to make the split official and file for divorce."

Officially single or not, the beauty ticks all Brad's boxes. "She's everything he looks for in a woman," explains the source, adding that their 30-year age difference hasn't been an issue. "Ines is fun, fabulous and feisty. She won't put up with BS from anyone and is incredibly self-sufficient, doesn't play mind games and isn't fazed by fame."

It's a sentiment the second insider confirms: "She's not the attention-seeking type Brad's dated in the past. He's been telling friends he'd like to see where this goes."

A FRESH START

It's been six years since Brad's second wife, Angelina Jolie, 47, left him. He's quietly dated since then, though his romances — including with Polish-German model Nicole Poturalski, 29, in 2020 and model Emily Ratajkowski, 31, earlier this year — were short-lived. "Brad has definitely gotten his groove back since being with Ines," says the source. "She can't keep her hands off him and vice versa."

Most important, she makes him happy. "Brad's mom, Jane, is totally wowed by Ines," says the source, adding that Jane is no fan of Brad's second wife. "After what Brad went through with Angelina, his mother thinks it's nice to see him with a smart young woman."

This romance certainly feels different. "Brad's in his element with Ines," adds the source. "He's enjoying every moment of their romance and is on cloud nine!" L&S

Protective Parents

"Kate and William want their kids to feel confident about handling challenges with a positive and straightforward attitude," shares an insider.

William & Kate: HOW WE'RE STRONG KIDS

RAISING

The Prince and Princess of Wales are emphasizing grit, confidence and creativity when it comes to teaching life lessons to their brood!

It's hard to describe any other way than "idyllic." On Dec. 13, the palace released the official family Christmas photo of the Prince and Princess of Wales. Taken in Norfolk, England, over the summer, the shot shows the regal couple and their three children — Prince George, 9, Princess Charlotte, 7, and Prince Louis, 4 — walking hand-in-hand along a tree-lined path. Wearing sneakers, casual clothes and kilowatt smiles, the whole group exudes a down-to-earth, confident vibe.

That's exactly what Kate and William, both 40, are hoping to foster IRL. "They are raising their kids to be strong and courageous for their own well-being and as preparation for their future positions," an insider shares, noting that the recent media circus created by Prince Harry and Meghan Markle's Netflix docuseries has only strengthened that resolve. "It would be William and Kate's worst nightmare if George, Charlotte and Louis pulled an Uncle Harry and wanted to leave the monarchy. So they have created an open environment at home — that way, they can nip in the bud any issues the children may have as royals early on."

SENSE & SENSIBILITY

According to the insider, Kate and William try to ensure their little ones are supported but also resilient. One example? The duchess created problem-solving books. "If the kids have an issue, they write it down and come up with colorful ideas for solutions together as a family," says the insider. "Kate also has 'Appreciation Evenings,' where they talk about what they're thankful for, to teach the children not to take anything for granted."

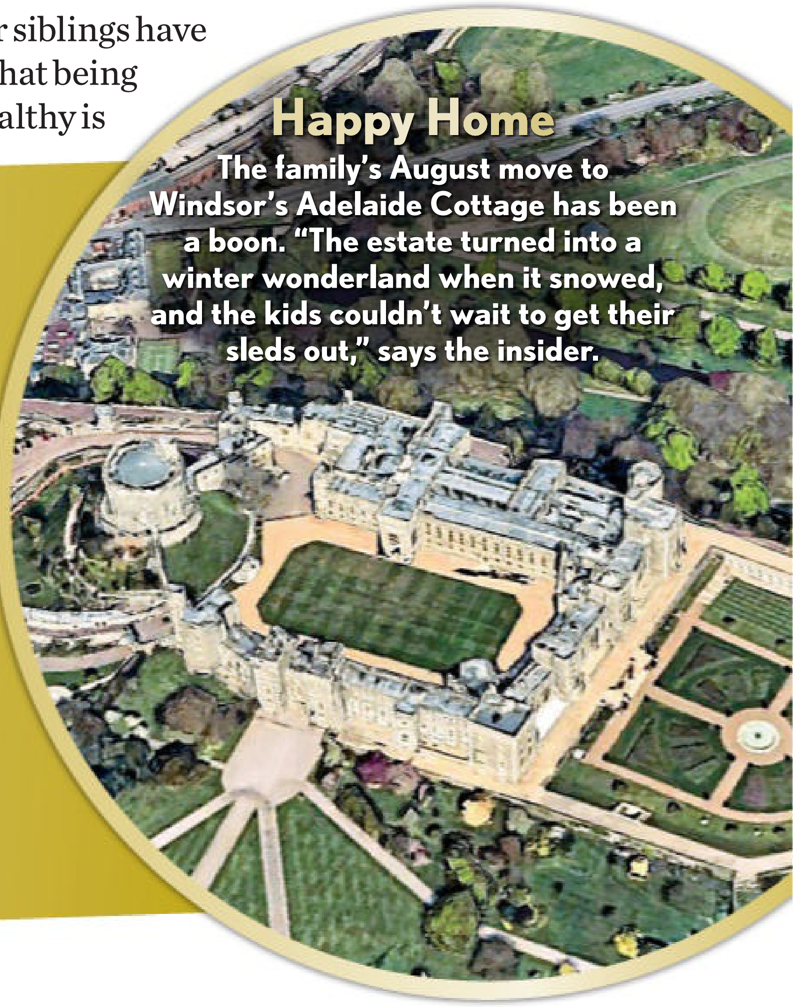
A sense of service is something the busy parents are trying to impart, as well. "The kids are given little chores, like collecting items for the recycling bin," notes the insider. "George, especially, has shown interest in protecting the climate and learned how to recycle paper as part of an environmental project he's working on with his dad."

But all three kids are already showing interest in charitable endeavors. "Just before the holidays, they made cakes and gingerbread trees and sent them to children's hospitals," shares the insider. "It was Charlotte's idea!"

She and her siblings have been taught that being physically healthy is important, too. "On weekends, they play tennis as a family and go running with their dog, Orla, and George and Charlotte are members of various after-school sports clubs," says the insider. "They're all into athletics, just like William and Kate!" L&S

Harry Slams His Brother!

Battle royale! In *Harry & Meghan*, the Duke of Sussex says things got heated in 2020 when he met with his family — including future king William — to discuss leaving royal life. Harry, 38, proposed a half-in-half-out option for himself and wife Meghan, 41. "It became very clear very quickly that that goal was not up for discussion or debate," he claims in the Netflix docuseries. "It was terrifying to have my brother scream and shout at me." Harry also alleges that his sibling was complicit in leaking stories about the Sussexes!



Happy Home

The family's August move to Windsor's Adelaide Cottage has been a boon. "The estate turned into a winter wonderland when it snowed, and the kids couldn't wait to get their sleds out," says the insider.

Family Man
His two kids and wife of 26 years "have noticed a positive change in Hugh," says a source. "There's no doubt he's going to stick with therapy."

Hugh: WHY I STARTED THERAPY AT 54

Nearly five decades after being abandoned as a child, Hugh Jackman confronts his traumatic past

It's never too late to work on your mental health! Just ask Hugh Jackman. This December, the actor opened up to Australia's *Who* magazine about his personal journey with therapy. "I just started it recently," shared Hugh, 54. "It's helped me a lot. Having someone really smart who's a little bit removed from your world can be really helpful."

As for what led him to seek treatment? Hugh explained it was about understanding his past — and patterns that he was unconsciously repeating now. The star has previously spoken about how his mom, Grace McNeil, moved to England when he was just 8 years old, leaving him to be raised by his dad in Australia.

"They've since reconnected, but he has lingering abandonment issues," says a source, noting that when his own kids, Oscar, 22, and Ava, 17, started becoming more independent, Hugh was triggered. "He felt scared of losing them, too."

AN ALL-TOO-FAMILIAR FEAR

Wife Deborra-Lee Furness, 67, "is the one who first gave Hugh a gentle nudge toward therapy," shares the source. "He's made real progress."

Hugh, himself, has seen the difference. "[Therapy is] helping me to be more relational with the people I love in my life," he raved, "and really understanding and living in their shoes, and being clear to be able to see them." L&S

Like Mother, LIKE DAU

GWYNETH, BLYTHE & APPLE

The Apple really didn't fall far from the tree! Gwyneth Paltrow's daughter, Apple Martin, 18, is the spitting image of her 50-year-old mother — who even calls the teen "Little G" — as well as her Emmy-winning grandma, Blythe Danner, 79.

DIANA & TRACEE

Diana Ross, 78, has been one of music's most glamorous divas for decades, so it makes sense that daughter Tracee Ellis Ross, 50, would get some of her signature style. "I love that I look like my mama," the *Black-ish* alum has shared.

KAIA & CINDY

Cindy Crawford, 56, and mini-me Kaia Gerber, 21, have a lot more than physical traits and modeling careers in common. "We react to situations the same way," Kaia's said of her mom. "We both talk with our hands and stuff like that."

AVA & REESE

While the rest of the world thinks Reese Witherspoon and influencer daughter Ava Phillippe, 23, look just like twins, the *Legally Blonde* star begs to differ. "She and I don't see [the resemblance] that much," Reese, 46, remarked in October.

KATE & GOLDIE

Better together! On Nov. 14, Kate Hudson took doppelgänger mother Goldie Hawn, 77, as her date to the LA premiere of *Glass Onion: A Knives Out Mystery.* "I have zero problems when people say, 'God, you look like your mother,'" the 43-year-old's said. "I go, 'Well, great! Thanks!'"

LISA & ZOË

Zoë Kravitz, 34, may possess rocker father Lenny's famous last name and the gorgeous looks of actress mom Lisa Bonet, 55, but she worked hard to make her own way in the biz. "I'm grateful to be their child. And I also am my own human being," the *Batman* star has said.

JULIANNE & LIV

Julianne Moore, 62, and Liv Freundlich – who inherited the actress' famous red locks – joined forces to pose in a 2022 campaign for Hourglass Beauty. "What I admire most about my mom is how driven she is," the 20-year-old's shared.

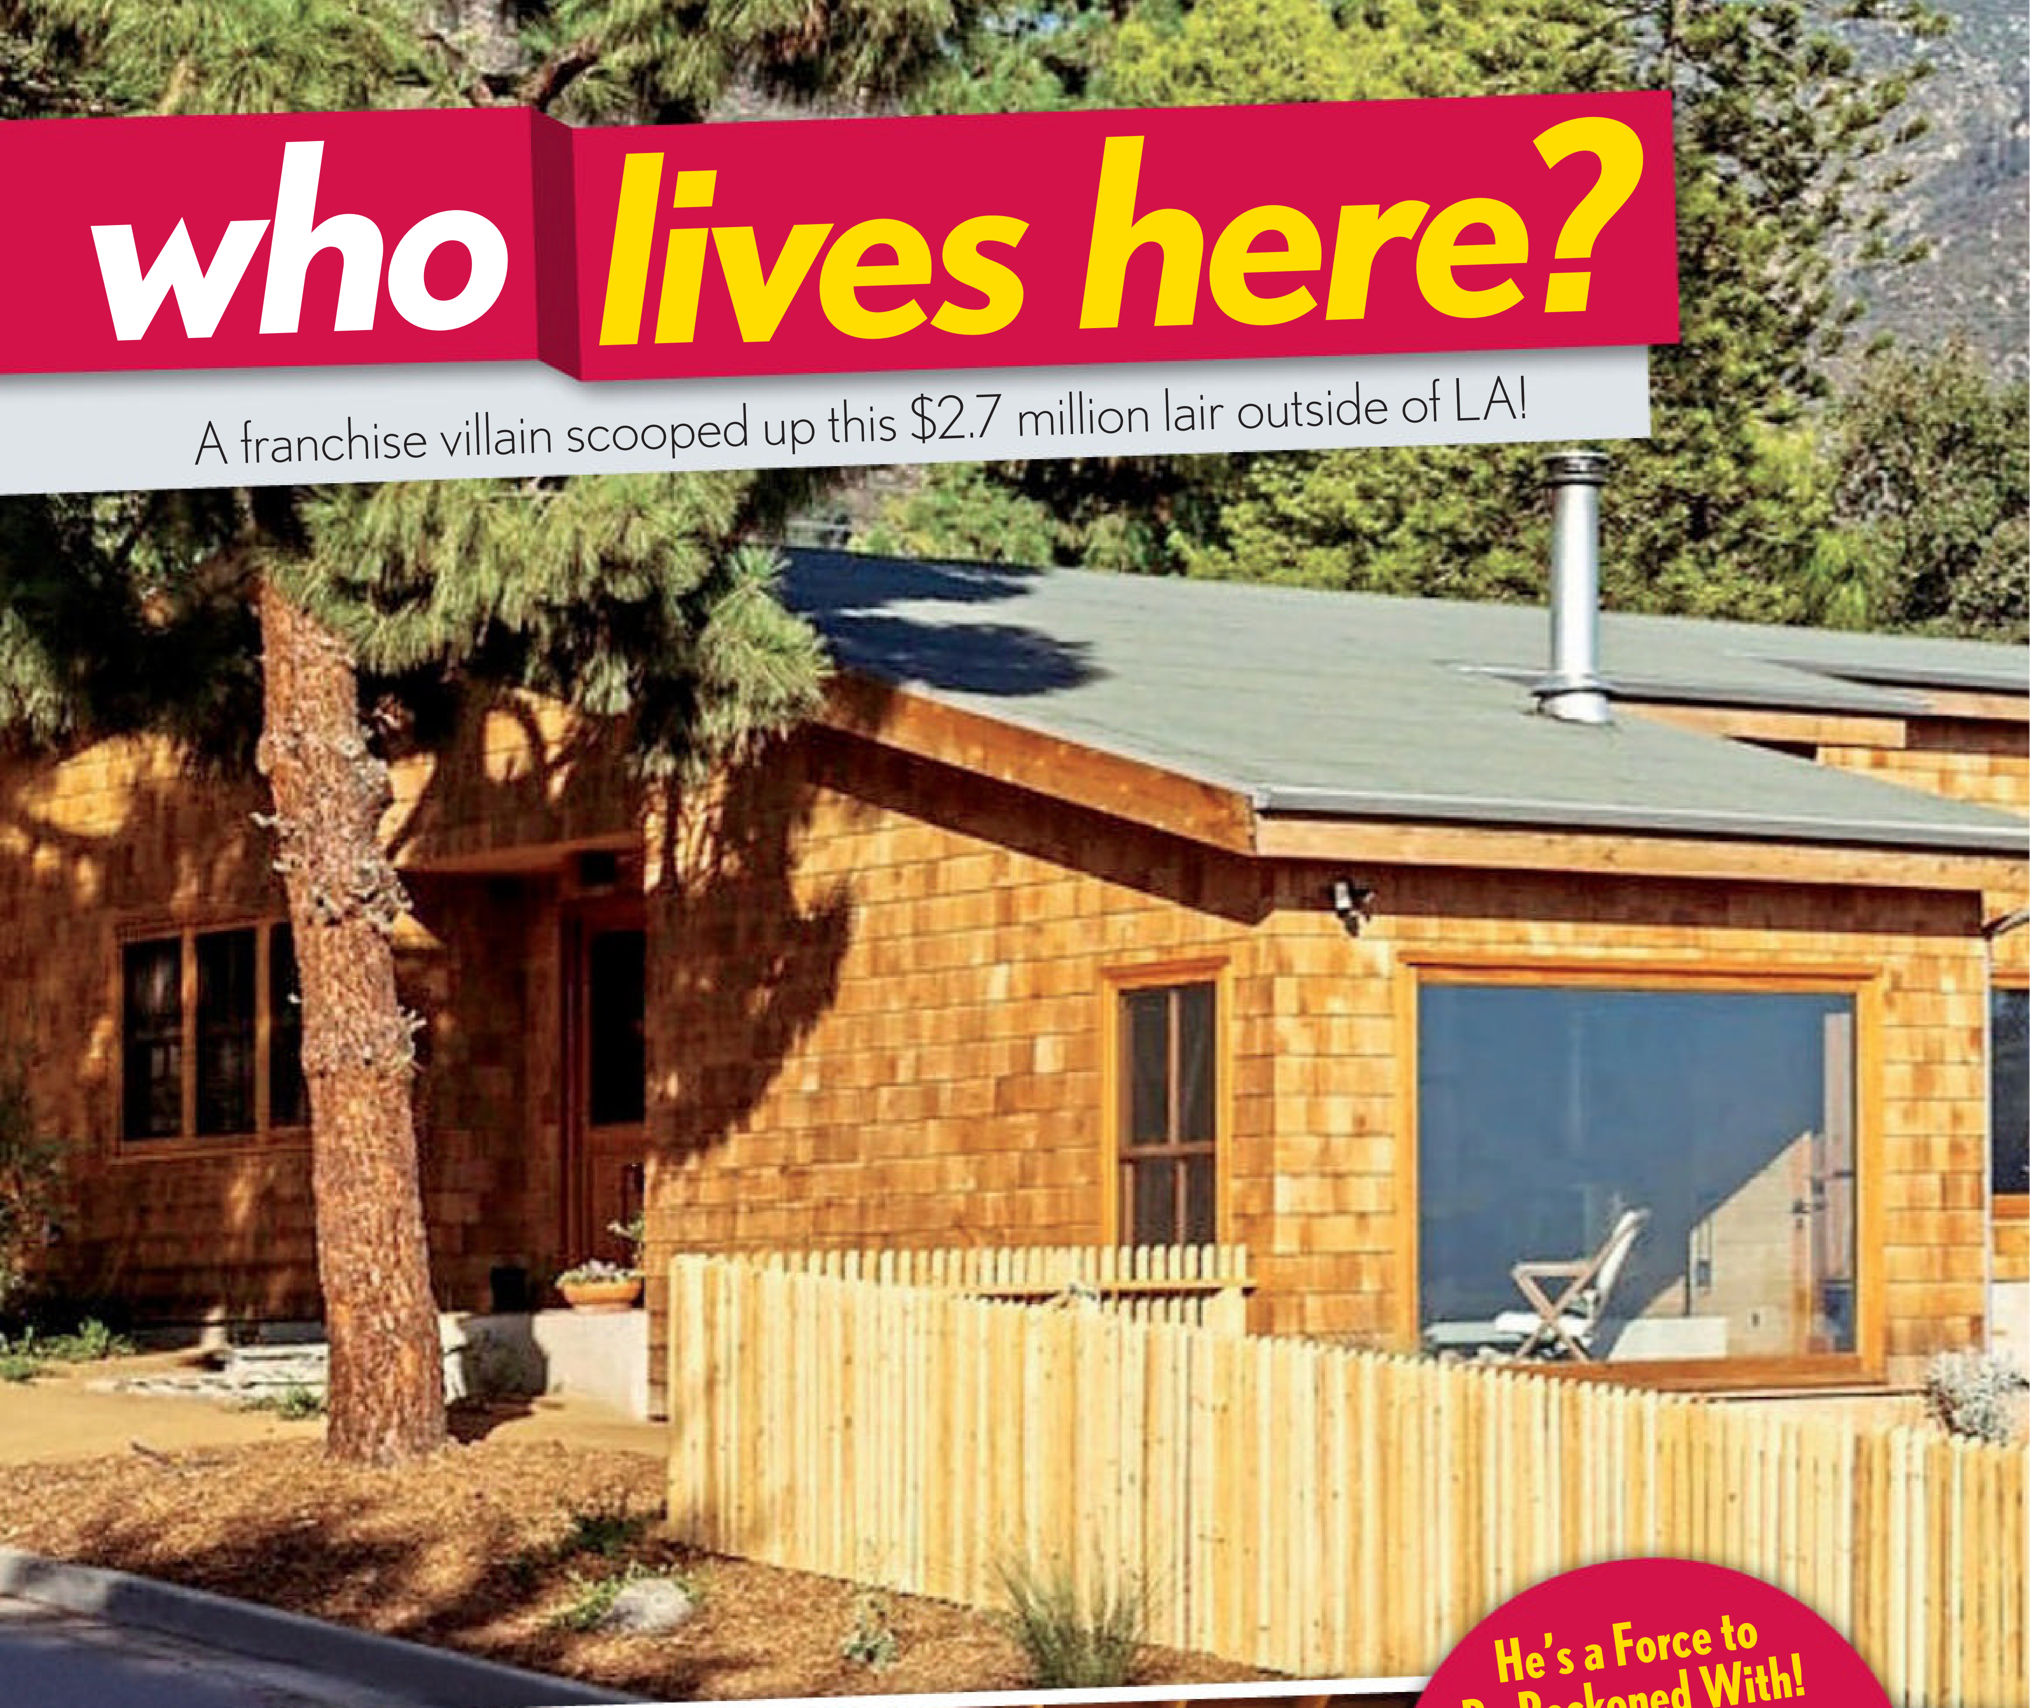
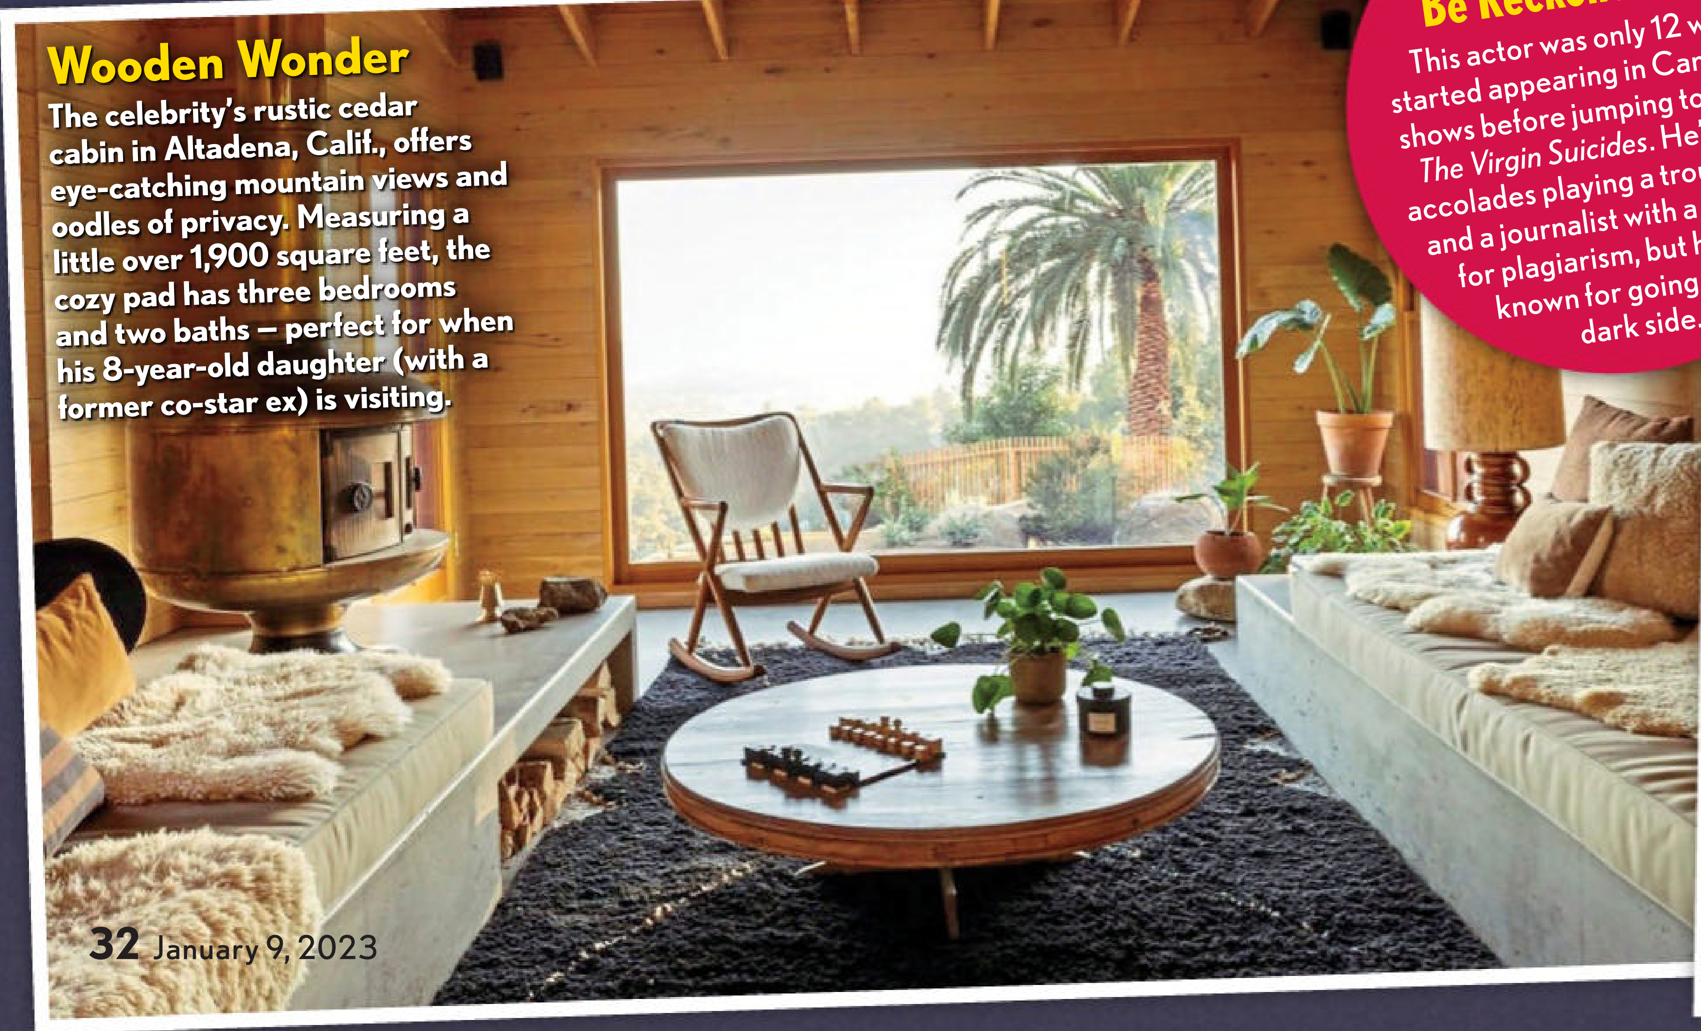
A franchise villain scooped up this $2.7 million lair outside of LA!





Wooden Wonder

The celebrity's rustic cedar cabin in Altadena, Calif., offers eye-catching mountain views and oodles of privacy. Measuring a little over 1,900 square feet, the cozy pad has three bedrooms and two baths – perfect for when his 8-year-old daughter (with a former co-star ex) is visiting.

He's a Force to Be Reckoned With!

This actor was only 12 when he started appearing in Canadian TV shows before jumping to films like *The Virgin Suicides*. He's scored accolades playing a troubled teen and a journalist with a penchant for plagiarism, but he's best known for going to the dark side.

Recently Reno-ed

Built in 1982, the single-story house underwent a major update just prior to the famous new owner's purchase. It currently features a chef's kitchen with stainless steel appliances, exposed-truss ceilings, concrete floors, large picture windows, plus bespoke brass-knob light switches.

Third time's the charm! The same bad guy role got him nominated for Saturn Awards (think Sci-Fi's Oscars) in 2002, 2005 and 2022, with the celeb finally nabbing a win this year.

SADIE LAFLAMME-SNOW

Exclusive Q&A with Breakout Star of Hallmark Channel's New Series *The Way Home*

> **"My mum has a memory of taking me to see *Billy Elliot the Musical* when I was twelve and when the performance ended, I turned to her and said, "I could do that!" and begged her to help me start auditioning!"**
> **— *Sadie, on where her love of acting began***

Tell us about your new role as Alice on Hallmark Channel's *The Way Home*?
When you first meet her, you will see that she is really struggling with her parents' divorce and is really closed off and angry at the world. When she realizes she can travel to the time before tragedy struck the Landrys this knowledge makes her extremely wise, brave, and protective of her family.

***The Way Home* stars successful actresses like Andie MacDowell and Chyler Leigh — what was that like?**
It has been fabulous. To be honest — it was intimidating to think that I was stepping on set with two iconic actors like Andie and Chyler, but I had no reason to worry. They have been amazing friends and mentors to me throughout the process and the Landry family dynamic is strong between the three of us.

The series follows the lives of three generations of women — do you have similar experience with your own family?
The Landry women are all amazing, well-rounded, complicated women. It's beautiful to see these intergenerational relationships explored in *The Way Home*. Mother-daughter relationships are passionate, dynamic and deeply rooted in generations worth of life experience which make them the perfect seed for great TV! My mum and granny are two of the most brilliant people on the planet and I can be the most honest version of myself around them.

Sadie acted alongside with the iconic Andie Macdowell in her role as the matriarch in *The Way Home*.

> **"I was really moved by the mother-daughter themes throughout the story and of course — thrilled that Andie MacDowell had already joined the series."**

What should Hallmark Channel fans expect from the series?
This new series will have you laughing, crying and going through some very real challenges with the Landry family. This is a Hallmark series like you've never seen before and goes in a bit of a different direction than viewers might be used to. But having three generations of women lead the series provides three different entry points to this story, so everyone can find something that will have them hooked.

What's next for you!? TV, movies, theater, a break?
This is my most recent project, but it will be one of the first projects of mine to be released, so I am (hopefully) looking forward to a year of past work being shared with the world! In the meantime, you can find me on social media @sadie_snow.

It's like cute meets mesmerizing covered in adorable, right?

No one needs to do a lot of work convincing you a face like this deserves an awesome home and loving family. We don't need to drop a bunch of statistics or remind you that faces just like this are in shelters across the country, waiting and hoping for someone to choose them. Nope, all we need to do is say,

"Can you even with this face?!?"

And you get it. It's why Best Friends Animal Society is working to save the lives of homeless dogs and cats in every corner of the country.

Join us.

Save a face.

And together, we will Save Them All.
